Dear Randy,

Well, here's the lowdown on the hoedown. We netted over \$5,000 at the Fistful of Hollars! Murder Mystery Dinner in Bartelso! We couldn't have done it with out you and Kay. We have received dozens of compliments about the evening such as

- "I haven't laughed that hard in a long time"
- "Great time!"
- "Can't wait until next year"
- "My husband did not want to come. He loved it! Now, he's offering suggestions to you about next year's event!"
- "Even the Nazi's from Germantown had a good time"

We are beginning to plan for next year. March 23 or 30th are tentative dates. Father Henry already plans to dress as Barney Fife. Aunt B, Opey, Goober and the rest of Mayberry will be ready for you. I will call you within the next month to schedule a date.

Please use me as a reference any time. My home phone number is 618-765-2404 or 314-552-6463 at work. While we had high hopes for the evening, the night surpassed all of our expectations. We wish you the very best.

Very truly yours,
